

DEMONSTRATE YOUR ENVIRONMENTAL STEWARDSHIP

ENTER THE 2011 CONSERVATION LEGACY AWARDS

If you believe, belong.

The American Soybean Association (ASA), Monsanto and *Corn & Soybean Digest* invite you to submit an application to the 2010-2011 Conservation Legacy Award Program. We want to hear your story of conservation on your farm.

Awards are given in three regions: Midwest, Northeast and South. Of the three regional winners, a national winner is selected. All winners and a spouse/guest receive an expenses-paid trip to Commodity Classic, where the awards will be presented. The 2011 Commodity Classic is in Tampa, Florida, March 3-5, 2011. Winners will also be featured in the *Corn & Soybean Digest*.

To learn more about the Conservation Legacy Awards program, its regions and to download an application online go to www.soygrowers.com and click on the Awards link. The American Soybean Association encourages soybean farmers to share their conservation story. **The deadline for submitting an entry is September 30, 2010.** For more information, contact ASA Project Manager, Byron Keelin at 314-754-1355 or e-mail bkeelin@soy.org.
