

ACKNOWLEDGEMENTS

Unless otherwise noted, the data in this field guide are from research conducted by Iowa State University personnel with financial support from the soybean checkoff through the Iowa Soybean Association and the North Central Soybean Research Program.

The contribution of images and information about SCN reproduction on winter annual weeds by Earl Creech and Bill Johnson, Purdue University, and the images of SCN juvenile development in susceptible and SCN-resistant soybean roots by Ben Matthews, USDA, are greatly appreciated.

Great thanks are also expressed to Kevin Black, Daren Mueller and Rich Pope for their thoughtful reviews of this field guide and their many helpful suggestions.

Gregory L. Tylka is a Professor with Extension and research responsibilities in the Department of Plant Pathology.

We gratefully acknowledge the Iowa Soybean Association and the soybean checkoff for their financial assistance in developing this field guide.

...and justice for all

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Many materials can be made available in alternative formats for ADA clients. To file a complaint of discrimination, write USDA, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call 202-720-5964.

Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Jack M. Payne, director, Cooperative Extension Service, Iowa State University of Science and Technology, Ames, Iowa.
