

You're Invited!

Cherokee County 2022 Cover Crop Tour

The tour will feature cover crop species such as rye, oats, radishes and rapeseed planted using a variety of different seeding methods.

See cover crops emerging this spring during a self-guided tour through Cherokee County! Take time to view the following fields as they start to turn green beginning April 1 through June 1.

See the virtual map by scanning the QR code or visiting iasoybeans.com/CoverCropTour

Cost-share funds:

Cost-share funds are available for implementing cover crops. If you are interested in implementing cover crops on your farm, or for more info about the 2022 cover crop tour, contact:
