

COVER CROPS IN ACTION

SAC & CALHOUN COUNTIES

What To Expect

See first-hand how farmers in your area are successfully employing cover crops to improve soil health, conserve water and decrease erosion.

Several locations across Sac and Calhoun Counties have been identified to showcase a variety of cover crop species, seeding methods and purposes.

Self-Guided

Plan a few stops as your schedule allows, or take a day to drive the full route and check out everything that cover crops have to offer.

Learn More

Take the time to view any of the identified fields in Sac and Calhoun Counties to see different cover crop practices in action. The recommended viewing period is between April 1 and June 1.

For additional questions or to learn more about cost share opportunities, contact:

Joe Wuebker, CCA
